OFFICE OF THE SECRETARY OF STATE

This handbook outlines the important duties of a notary public. The Illinois Notary Public Act, effective July 1, 1986, was passed to better meet the needs of the modern business world. In 2000 and 2022, it was again modernized to keep up with a changing business environment.

The following are basic rules for proper and safe notarization: 1) Keep your notary seal in a safe place;

- 2) Do not notarize a signature unless the signer is present at the time of notarization;
- 3) Do not lend your stamp to anyone, including your employer;
- 4) Do not identify a document signer on the word of a friend or employer who is not willing to take an oath;
- 5) Sign your name on notarial certificates exactly as it appears on your commission and affix your seal.

I encourage you to become familiar with the topics in this handbook. If you have questions, please contact the Office of the Secretary of State, Index Department, 111 E. Monroe St., Springfield, IL 62756.

A handwritten signature in black ink that reads "Alexi Giannoulias". The signature is written in a cursive style with a long, sweeping underline.

6) the technology adheres to any other standards or requirements set by the Secretary of State in administrative rule.

c) The electronic notary public shall be prohibited from selling or transferring personal information learned through the course of an electronic notarization, except when required by law, law enforcement, the Secretary of State or court order.

Sec. 3-102. Notice.

a) Every notary public who is not an attorney or an accredited immigration representative who advertises the services of a notary public in a language other than English, whether by radio, television, signs, pamphlets, newspapers, electronic communications, or other written communication, with the exception of a single desk plaque, shall include in the document, advertisement, stationery, letterhead, business card, or other comparable written or electronic material the following: notice in English and the language in which the written or electronic communication appears. This notice shall be of conspicuous size, if in writing or electronic communication, and shall state: "I AM NOT AN ATTORNEY LICENSED TO PRACTICE LAW IN ILLINOIS. I AM NOT ALLOWED TO DRAFT LEGAL DOCUMENTS OR RECORDS, NOR MAY I GIVE LEGAL ADVICE ON ANY MATTER, INCLUDING, BUT NOT LIMITED TO,

MATTERS OF IMMIGRATION, OR ACCEPT OR CHARGE FEES FOR THE PERFORMANCE OF THOSE ACTIVITIES". If such advertisement is by radio or television, the statement may be modified but must include substantially the same message.

A notary public shall not, in any document, advertisement, stationery, letterhead, business card, electronic communication, or other comparable written material describing the role of the notary public, literally translate from English into another language terms or titles including, but not limited to, notary public, notary, licensed, attorney, lawyer, or any other term that implies the person is an attorney. To illustrate, the word "notario" is prohibited under this provision. Failure to follow the procedures in this Section shall result in a fine of \$1,500 for each written violation. The second violation shall result in permanent revocation of the commission of notary public. Violations shall not preempt or preclude additional appropriate civil or criminal penalties.

b) All notaries public required to comply with the provisions of subsection (a) shall prominently post at their place of business as recorded with the Secretary of State pursuant to Section 2-102 of this Act a schedule of fees established by law which a notary public may charge. The fee schedule shall be written in English and in the non-English language in which notary services were solicited and shall contain the disavowal of legal representation required above in subsection (a), unless such notice of disavowal is already prominently posted.

c) No notary public, agency or any other person who is not an attorney shall represent, hold themselves out or advertise that they are experts on immigration matters or provide any other assistance that requires legal analysis, legal judgment, or interpretation of the law unless they are a designated entity as defined pursuant to Section 245a.1 of Part 245a of the Code of Federal Regulations (8 CFR 245a.1) or an entity accredited by the Board of Immigration Appeals.

c-5) In addition to the notice required under subsection (a), every notary public who is subject to subsection (a) shall, prior to rendering notary services or electronic notary services, provide any person seeking notary or electronic notary services with a written acknowledgment that substantially states, in English and the language used in the advertisement for notary services the following: "I AM NOT AN ATTORNEY LICENSED TO PRACTICE LAW IN ILLINOIS. I AM NOT ALLOWED TO DRAFT LEGAL DOCUMENTS OR RECORDS, NOR MAY I GIVE LEGAL ADVICE ON ANY MATTER OR ACCEPT OR CHARGE FEES FOR THE PERFORMANCE OF THOSE ACTIVITIES". The Office of the Secretary of State shall translate this acknowledgment into Spanish and any other language the Secretary of State may deem necessary to achieve the requirements of this subsection (c-5) and shall make the translations available on the website of the Secretary of State. This acknowledgment shall be signed by the recipient of notary services or electronic notary services before notary services or electronic notary services are rendered, and the notary shall retain copies of all signed acknowledgments throughout their present commission and for 2 years thereafter. Notaries shall provide recipients of notary services or electronic notary services with a copy of their signed acknowledgment at the time services are rendered. This provision shall not apply to notary services or electronic notary services related to documents prepared or produced in accordance with the Illinois Election Code.

d) Any person who aids, abets or otherwise induces another person to give false information concerning immigration status shall be guilty of a Class A

misdemeanor for a first offense and a Class 3 felony for a second or subsequent offense committed within 5 years of a previous conviction for the same offense. Any notary public who violates the provisions of this Section shall be guilty of official misconduct and subject to fine or imprisonment.

Nothing in this Section shall preclude any consumer of notary public services from pursuing other civil remedies available under the law.

e) No notary public who is not an attorney or an accredited representative shall accept payment in exchange for providing legal advice or any other assistance that requires legal analysis, legal judgment, or interpretation of the law.

f) Violation of subsection (e) is a business offense punishable by a fine of 3 times the amount received for services, or \$1,001 minimum, and restitution of the amount paid to the consumer. Nothing in this Section shall be construed to preempt nor preclude additional appropriate civil remedies or criminal charges available under law.

g) If a notary public or electronic notary public of this State is convicted of a business offense involving a violation of this Act, the Secretary shall automatically revoke the notary public commission or electronic notary public commission of that person on the date that the person's most recent business offense conviction is entered as a final judgment.

(Source: P.A. 102-160 (See Section 99 of P.A. 102-160 for effective date of P.A. 102-160).)

Sec. 3-103. Maximum fee.

a) Except as otherwise provided in this subsection (a), the maximum fee for non-electronic notarization in this State is \$5 for any notarial act performed and up to \$25 for any notarial act performed pursuant to Section 3-102.

Fees for a notary public, agency, or any other person who is not an attorney or an accredited representative filling out immigration forms shall be limited to the following:

- 1) \$10 per form completion;
- 2) \$10 per page for the translation of a non-English language into English where such translation is required for immigration forms;
- 3) \$5 for notarizing;
- 4) \$3 to execute any procedures necessary to obtain a document required to complete immigration forms; and
- 5) A maximum of \$75 for one complete application.

Fees authorized under this subsection shall not include application fees required to be submitted with immigration applications.

b) The maximum fee in this State up to \$25 for any electronic notarial act performed pursuant to this Act. An electronic notary public may charge a reasonable fee to recover any cost of providing a copy of an entry or a recording of an audio-video communication in an electronic journal maintained pursuant to Section 3-106.

c) Any person who violates the provisions of subsection (a) or (b) shall be guilty of a Class A misdemeanor for a first offense and a Class 3 felony for a second or subsequent offense committed within 5 years of a previous conviction for the same offense.

d) Upon his own information or upon complaint of any person, the Attorney General or any State's Attorney, or their designee, may maintain an action for injunctive relief in the court against any notary public or any other person who violates the provisions of subsection (a) or (b) of this Section. These remedies

are in addition to, and not in substitution for, other available remedies. If the Attorney General or any State's Attorney fails to bring an action as provided pursuant to this subsection within 90 days of receipt of a complaint, any person may file a civil action to enforce the provisions of this subsection and maintain an action for injunctive relief.

e) All notaries public must provide itemized receipts and keep records for fees accepted for services provided. Notarial fees must appear on the itemized receipt as separate and distinct from any other charges assessed. Failure to provide itemized receipts and keep records that can be presented as evidence of no wrongdoing shall be construed as a presumptive admission of allegations raised in complaints against the notary for violations related to accepting prohibited fees.

(Source: P.A. 102-160 (See Section 99 of P.A. 102-160 for effective date of P.A. 102-160).)

Sec. 3-104. Authority.

a) A notary public shall have authority to perform notarial acts, or electronic notarial acts, if the notary holds an electronic notary public commission, throughout the State so long as the notary resides in the same county in which the notary was commissioned or, if the notary is a resident of a state bordering Illinois, so long as the notary's principal place of work or principal place of business is in the same county in Illinois in which the notary was commissioned.

b) Except as provided under subsection (c), an electronic notary public who is physically located in this State may perform an electronic notarial act using communication technology in accordance with this Article and any rules adopted by the Secretary of State for a remotely located individual who is physically located: (i) in this State; or (ii) outside of this State, but not outside the United States.

c) Notwithstanding subsection (b), an electronic notary public may perform an electronic notarial act for a remotely located individual outside of the United States if the record is to be filed with or relates to a matter before a public official or court, governmental entity, or other entity subject to the jurisdiction of the United States or involves property located in the territorial jurisdiction of the United States or involves a transaction substantially connected with the United States.

(Source: P.A. 102-160 (See Section 99 of P.A. 102-160 for effective date of P.A. 102-160).)

Sec. 3-105. Certificate of authority.

Upon the receipt of a written request, the notarized document, and a fee of \$2 payable to the Secretary of State or County Clerk, the Office of the Secretary of State shall provide a certificate of authority in substantially the following form:

I, _____ (Secretary of State) of the State of Illinois, which office is an office of record having a seal, certify that _____ (notary's name), by whom the foregoing or annexed document was notarized or electronically notarized, was, on (insert date), appointed and commissioned a notary public in and for the State of Illinois and that as such, full faith and credit is and ought to be given to this notary's official attestations. a) A notary public or an electronic notary public shall keep a journal of each notarial act or electronic notarial act which includes, without limitation, the requirements set by the Secretary of State in administrative rule, but shall not include any electronic signatures of the person for whom an electronic notarial act was performed or any witnesses.

2) the period during which the notary public or electronic notary public must maintain the journal; and

3) the minimum security requirements for protecting the information in the journal and access to the contents of the journal.

c) A notary or electronic notary may maintain his or her journal in either paper form or electronic form and may maintain more than one journal or electronic journal to record notarial acts or electronic notarial acts.

d) The fact that the employer or contractor of a notary or electronic notary public keeps a record of notarial acts or electronic notarial acts does not relieve the notary public of the duties required by this Section. A notary public or electronic notary public shall not surrender the journal to an employer upon termination of employment and an employer shall not retain the journal of an employee when the employment of the notary public or electronic notary public ceases.

e) If the journal of a notary public or electronic notary public is lost, stolen, or compromised, the notary or electronic notary shall notify the Secretary of State within 10 business days after the discovery of the loss, theft, or breach of security.

a) When any notary public legally changes his or her name, changes his or her residential address or business address, or email address, without notifying the Index Department of the Secretary of State in writing within 30 days thereof, or, if the notary public is a resident of a state bordering Illinois, no longer maintains a principal place of work or principal place of business in the same county in Illinois in which he or she was commissioned, the commission of that notary ceases to be in effect. When the commission of a notary public ceases to be in effect, his or her notarial seal or electronic notary seal shall be surrendered to the Secretary of State, and his or her certificate of notarial commission or certificate of electronic notarial commission shall be destroyed. These individuals who desire to again become a notary public must file a new application, bond, and oath with the Secretary of State.

b) Any change to the information submitted by an electronic notary public in registering to perform electronic notarial acts in compliance with any Section of this Act shall be reported by the notary within 30 business days to the Secretary of State.

c) Any notary public or electronic notary public that fails to comply with this Section shall be prohibited from obtaining a new commission for a period of not less than 5 years.

Any person, association, corporation, or others who violate the provisions of this Section shall be guilty of a business offense and punishable by a fine of not less than \$500 for each offense.

d) A provider of an electronic notarization system requiring enrollment shall notify the Secretary of State of the name of each electronic notary public who enrolls in the system within 5 days after enrollment by means prescribed by rule by the Secretary of State.

e) The Secretary of State shall adopt administrative rules that set forth the requirements a provider of electronic notarization technology must meet in

order to be approved for use in the State of Illinois. At a minimum, those administrative rules shall establish:

1) minimum standards ensuring a secure means of authentication to be employed to protect the integrity of the electronic notary's electronic seal and electronic signature;

2) minimum standards ensuring that documents electronically notarized be tamper-evident and protected from unauthorized use; and

An electronic notary public who exercised reasonable care enrolling in and using an electronic notarization system shall not be liable for any damages resulting from the system's failure to comply with the requirements of this Act. Any provision in a contract or agreement between the electronic notary public and provider that attempts to waive this immunity shall be null, void, and of no effect.

(Source: P.A. 102-160 (See Section 99 of P.A. 102-160 for effective date of P.A. 102-160).)

b) In performing an electronic notarization, an electronic notary public shall verify the identity of a person creating an electronic signature at the time that the signature is taken by using two-way audio and video conference technology that meets the requirements of this Act and rules adopted under this Article. For the purposes of performing an electronic notarial act for a person using audio-video communication, an electronic notary public has satisfactory or documentary evidence of the identity of the person if the electronic notary public confirms the identity of the person by:

1) the electronic notary public's personal knowledge of the person creating the electronic signature; or

2) each of the following:

A) remote electronic presentation by the person creating the electronic signature of a government-issued identification credential, including a passport or driver's license, that contains the signature and a photograph of the person;

B) credential analysis of the front and back of the government-issued identification credential and the data thereon; and

C) a dynamic knowledge-based authentication assessment.

c) An electronic notary public may perform any of the acts set forth in Section 6-102 using audio-video communication in accordance with this Section and any rules adopted by the Secretary of State.

2) the signal transmission must be in real time; and

3) the electronic notarial act must be recorded.

e) The validity of the electronic notarial act will be determined by applying the laws of the State of Illinois.

f) The electronic notarial certificate for an electronic notarization must include a notation that the notarization is an electronic notarization.

g) When performing an electronic notarization, an electronic notary public shall complete an electronic notarial certificate and attach or logically associate the electronic notary's electronic signature and seal to that certificate in a tamper evident manner. Evidence of tampering pursuant to this standard may be used to determine whether the electronic notarial act is valid or invalid.

h) The liability, sanctions, and remedies for improper performance of electronic notarial acts are the same as described and provided by law for the improper performance of non-electronic notarial acts as described under Section 7-108.

i) Electronic notarial acts need to fulfill certain basic requirements to ensure non-repudiation and the capability of being authenticated by the Secretary of State for purposes of issuing apostilles and certificates of authentication. The requirements are as follows:

1) the fact of the electronic notarial act, including the electronic notary's identity, signature, and electronic commission status, must be verifiable by the Secretary of State; and

2) the notarized electronic document will be rendered ineligible for authentication by the Secretary of State if it is improperly modified after the time of electronic notarization, including any unauthorized alterations to the document content, the electronic notarial certificate, the electronic notary public's electronic signature, or the electronic notary public's official electronic seal.

(Source: P.A. 102-160 (See Section 99 of P.A. 102-160 for effective date of P.A. 102-160).)

Sec. 6A-104. Requirements for audio-video communication.

a) An electronic notary public shall arrange for a recording to be made of each electronic notarial act performed using audio-video communication. The audio-video recording required by this Section shall be in addition to the journal entry for the electronic notarial act required by Section 3-107. Before performing any electronic notarial act using audio-video communication, the electronic notary public must inform all participating persons that the electronic notarization will be electronically recorded.

c) If the person for whom the electronic notarial act is being performed is identified by a credible witness:

1) the credible witness must appear before the electronic notary public; and

2) the recording of the electronic notarial act must include:

A) a statement by the electronic notary public as to whether he or she identified the credible witness by personal knowledge or satisfactory evidence; and

B) an explanation by the credible witness as to how he or she knows the person for whom the electronic notarial act is being performed and how long he or she has known the person.

d) An electronic notary public shall keep a recording made pursuant to this

Section for a period of not less than 7 years, regardless of whether the electronic notarial act was actually completed.

e) An electronic notary public who performs an electronic notarial act for a principal by means of audio-video communication shall be located within the State of Illinois at the time the electronic notarial act is performed. The electronic notary public shall include a statement in the electronic notarial certificate to indicate that the electronic notarial act was performed by means of audio-video communication. The statement may also be included in the electronic notarial seal.

f) An electronic notary public who performs an electronic notarial act for a principal by means of audio-video communication shall:

1) be located within this State at the time the electronic notarial act is performed;

2) execute the electronic notarial act in a single recorded session that complies with Section 6A-103;

3) be satisfied that any electronic record that is electronically signed, acknowledged, or otherwise presented for electronic notarization by the principal is the same record electronically signed by the electronic notary;

4) be satisfied that the quality of the audio-video communication is sufficient to make the determination required for the electronic notarial act under this Act and any other law of this State; and

5) identify the venue for the electronic notarial act as the jurisdiction within Illinois where the notary is physically located while performing the act.

g) An electronic notarization system used to perform electronic notarial acts by means of audio-video communication shall conform to the requirements set forth in this Act and by administrative rules adopted by the Secretary of State.

h) The provisions of Section 3-107 related respectively to security, inspection, copying, and disposition of the journal shall also apply to security, inspection, copying, and disposition of audio-video recordings required by this Section.

i) The Secretary of State shall adopt administrative rules to implement this Section.

(Source: P.A. 102-160 (See Section 99 of P.A. 102-160 for effective date of P.A. 102-160).)

Sec. 6A-105. Electronic certificate of notarial acts.

a) An electronic notarial certificate must be evidenced by an electronic notarial certificate signed and dated by the electronic notary public. The electronic notarial certificate must include identification of the jurisdiction in which the electronic notarial act is performed and the electronic seal of the electronic notary public.

b) An electronic notarial certificate of an electronic notarial act is sufficient if it meets the requirements of subsection (a) and it:

1) is in the short form set forth in 6-105;

2) is in a form otherwise prescribed by the law of this State; or

3) sets forth the actions of the electronic notary public and those are sufficient to meet the requirements of the designated electronic notarial act.

c) At the time of an electronic notarial act, an electronic notary public shall electronically sign every electronic notarial certificate and electronically affix the electronic seal clearly and legibly, so that it is capable of photographic reproduction. The illegibility of any of the information required under this Section does not affect the validity of a transaction.

(Source: P.A. 102-160 (See Section 99 of P.A. 102-160 for effective date of P.A. 102-160).)

Sec. 6A-106. Electronic acknowledgments; physical presence.

a) For purposes of this Act, a person may appear before the person taking the acknowledgment by:

1) being in the same physical location as the other person and close enough to see, hear, communicate with, and exchange tangible identification credentials with that person; or

2) being outside the physical presence of the other person, but interacting with the other person by means of communication technology.

b) If the acknowledging person is outside the physical presence of the person taking the acknowledgment, the certification of acknowledgment must indicate that the notarial act was performed by means of communication technology. A form of certificate of acknowledgment as provided by the Secretary of State, which may include the use of a remote online notarial certificate, is sufficient for purposes of this subsection (b) if it substantially reads as follows: "The foregoing instrument was acknowledged before me by means of communication technology this (date) by ... c) A notary's failure to cooperate or respond to an investigation by the Secretary of State is a failure by the notary to fully and faithfully discharge the responsibilities and duties of a notary and shall result in suspension or revocation of the notary's commission or the electronic notary's commission.

d) All written complaints which on their face appear to establish facts which, if proven true, would constitute an act of misrepresentation or fraud in notarization or electronic notarization, or misrepresentation or fraud on the part of the notary, may be investigated by the Secretary of State to determine whether cause exists to reprimand, suspend, or revoke the commission of the notary.

Application for Commission as a Notary Public

AVOIDING PROCESSING DELAYS

You are responsible for the completion and accuracy of the information on the notary public application and bond. The following are common errors made on the application, which will result in a delay in processing time:

- Incomplete home address information, including apartment number or ZIP Code, for example.
- Not providing previous commission information.
- The driver's license/state ID card name and address must match the home address listed on the application.
- **Your name and signature** must read the same and be notarized by **another** current Illinois Notary Public, including a valid rubber stamp seal. **You cannot notarize your own signature.**

REMINDERS FOR COMPLETING YOUR APPOINTMENT

- *You must submit a copy of a **valid** Illinois driver's license or state ID card.*
- **All signatures** on the application **must be original**. The use of signature stamps is unacceptable.
- If you answer 'Yes' to the question "Will you perform Notarizations remotely by means of Audio-Visual Communication," you must include a \$30,000 Illinois Notary Bond. If you answer 'No' to this question, you must include a \$5,000 Illinois Notary Bond. The Illinois Notary Bond must be issued by a company qualified to write surety bonds in Illinois. This office does not accept the Public Official Bond or Errors and Omissions Policy. The surety bonding company's corporate seal must accompany the signature of an officer or authorized representative. The surety bonding company will circle either \$5,000 or \$30,000 based on the answer to this question.
- This office **will only process original documents**. Submitted copies of the bond and/or application will be returned to the applicant.
- You must include the \$15 filing fee with the application.
- Submitting an application that is handwritten with illegible handwriting may result in delays or mistakes when processing. Please be sure to type your application or print legibly.

NOTARY'S RESPONSIBILITY

- Notify your bonding company of the effective date of your commission. This bond will expire when your commission does.
- The Secretary of State determines the effective date of your commission, not the bonding company.

FREQUENTLY ASKED QUESTIONS

NOTARY APPOINTMENT PROCEDURE

How do I renew my notary appointment?

There is no automatic reappointment in Illinois. You will be notified by the Secretary of State approximately 60 days before the date your appointment expires. A preprinted application and bond form will be enclosed with the notification if you wish to apply for appointment for another term.

I have mailed a notary application and bond to the Secretary of State.

When may I begin notarizing documents?

An appointed Notary Public may begin notarizing documents upon the approval of the commission by the Illinois Secretary of State. You may track approval by visiting the Notary Search page on the Secretary of State's website:

<https://apps.ilsos.gov/notarysearch/>.

How do I report a change in my home or work address or name while serving as a notary public?

If you move or change employers, you must report the change of address to the Secretary of State; you may do so by emailing Enotary@ilsos.gov.

When does a notary's commission officially expire?

A resident notary public receives a four-year appointment. A notary's commission expires at midnight of the expiration date of the appointment. A non-resident Notary Public from a qualifying state receives a one-year appointment.

My notary commission will soon expire. I have received a notice from a "Notary Association" with instructions on how to apply for reappointment. What is this association? I thought notary applications were approved by the Secretary of State.

Several groups operating in Illinois under the name of "notary association," "agency" or "company." They are **private organizations** and **are not officially associated** with any government agency. These organizations offer assistance to notaries, sell notary seals and provide the notary bond for a fee. Solicitations from these groups are required to contain the following statement: "WE ARE NOT ASSOCIATED WITH ANY STATE OR LOCAL GOVERNMENTAL AGENCY." Only you can decide where to purchase your surety bond. You can purchase a bond from most insurance companies, or you may want to purchase a bond from one of the notary associations or agencies. The Secretary of State does not make any recommendations.

If my notary appointment has expired and I have applied for a new one, may I continue notarizing documents?

No. There is no grace period for a notary public once their appointment has expired. You may only perform notarial acts once you have obtained a new seal containing the date that your new term of office expires.

I would like to return to my maiden name. What does this involve?

A person who changes their name must resign their commission and apply for a new appointment.

What information is required when requesting that a commission be canceled?

A written request should contain 1) the name under which the commission was issued; 2) the commission number; 3) the reason for the cancellation and any supporting documents; 4) the home address and telephone number; 5) the signature of the notary requesting cancellation; and 6) the date the request was made.

Where do I submit my resignation as a notary?

Resignations should be submitted to: Secretary of State, Index Department, 111 E. Monroe St., Springfield, IL 62756.

YOUR NOTARY SEAL

- If you ordered your seal from a stamp or bonding company, verify the information against your notary certificate to ensure accuracy.
- The Illinois Notary Public Act requires that the expiration date be imprinted on the seal. This date may not be handwritten.
- Notary seals are required to have a serrated or milled edge border, in a rectangular form not more than one inch in height by two and one-half inches in length surrounding the following information in descending order:
 - A) The words “Official Seal”;
 - B) The notary’s official name, printed;
 - C) The words “Notary Public, State of Illinois”;
 - D) The words “Commission No.” immediately followed by the notary public’s commission number; and
 - E) The words “My Commission Expires” immediately followed by the notary public’s commission expiration date, expressed in terms of the month, one- or two-digit day, and complete year (e.g., Jan. 1, 2024). [5 ILCS 312/3-101(a)]
- Black is the only acceptable ink color for a notary seal.

PERFORMING NOTARIZATIONS IN ILLINOIS

- Always perform any notarization with the name listed on your notary certificate.

EXAMPLE: If a notary is commissioned as John M. Doe, that is the name that must appear on his stamp, and he must sign his name that way. Signing as J.M. Doe or using any other variation is not acceptable.

- Do not imprint your seal over your signature in a notarization. All information must be legible.
- All notarizations in the State of Illinois must contain the proper notary certificate wording, which includes state and county of venue, the date, notarial wording, notary signature as commissioned and the imprint of the notary seal.

SUGGESTED SAMPLE FORMS

Acknowledgment (in an individual capacity):

State of _____
County of _____
This instrument was acknowledged before me on _____ (date) by _____ (name/s of person/s).

(Signature of Notary Public)
(Seal)

Use this short form for acknowledgment in an individual capacity. Taking an acknowledgment consists of positively identifying the signer of a document. The signer need not sign in the notary's presence but *must personally appear* before the notary and state that the signature on the document is theirs. Acknowledgments may be taken in an individual capacity or in a representative capacity (as an authorized representative of another — for example, as an officer of a corporation for and on behalf of the corporation or as an attorney, in fact for another person).

Acknowledgment (in a representative capacity):

State of _____
County of _____
This instrument was acknowledged before me on _____ (date) by _____ (name/s of person/s) as _____ (type of authority, e.g., officer, trustee, etc.) of _____ name of party of behalf of whom instrument was executed).

(Signature of Notary Public)
(Seal)

Use this short form for an acknowledgment in a representative capacity. The taking of an acknowledgment consists of positively identifying the signer of a document. The signer need not sign in the notary's presence, but *must personally appear* before the notary and state that the signature on the document is theirs. Acknowledgments may be taken in an individual capacity or in a representative capacity (as an authorized representative of another — for example, an officer of a corporation for and on behalf of the corporation or as an attorney in fact for another person).

Verification upon oath or affirmation (in an individual capacity):

State of _____
County of _____
Signed and sworn (or affirmed) to before me on _____ (date) by
_____ (name/s of person/s making
statement).

(Signature of Notary Public)
(Seal)

Use this short form for verification upon oath or affirmation in an individual capacity. The verification upon oath or affirmation is a declaration that a statement is true and was made by a person upon oath or affirmation. The person requesting this notarial act must personally appear before the notary and sign the document in the notary's presence. The notary public is required to administer an oath. There is no prescribed wording for the oath, but an acceptable oath would be:

“Do you swear (or affirm) that the statements in this document are true?”

Verification upon oath may be taken in an individual capacity or in a representative capacity.

Verification upon oath or affirmation (in a representative capacity):

State of _____
County of _____
Signed and sworn (or affirmed) to before me on _____ (date) by
_____ (name/s of person/s) as
_____ (type of authority, e.g.,
officer, trustee, etc.) of _____ (name of
party of behalf of whom instrument was executed).

(Signature of Notary Public)
(Seal)

Use this short form for a verification upon oath or affirmation in a representative capacity. The verification upon oath or affirmation is a declaration that a statement is true and was made by a person upon oath or affirmation. The person requesting this notarial act must personally appear before the notary and sign the document in the presence of the notary. The notary public is required to administer an oath. There is no prescribed wording for the oath, but an acceptable oath would be:

“Do you swear (or affirm) that the statements in this document are true?”

Verification upon oath may be taken in an individual capacity or in a representative capacity.

Witnessing or attesting a signature:

State of _____
County of _____
Signed (or subscribed or attested) before me on _____ (date)
by _____ (name/s of person/s).

(Signature of Notary Public)
(Seal)

Use this short form for witnessing or attesting a signature. This form is used when witnessing a signature on a document, and an oath is not necessary or required. The person requesting the notarial act must personally appear before the notary and sign the document in the presence of the notary.

Signature-by-mark:

State of _____
County of _____
This instrument was acknowledged before me on _____ (date) by
_____ (name of person) who
made and acknowledged making his/her mark on the instrument in my
presence and in the presence of two persons who have signed below.

(Signature of Notary Public)
(Seal)

(Signature and Address of Witness) _____
(Signature and Address of Witness)

Use this form when an individual requests a notarial act and is prevented by disability or illiteracy from writing a signature. Take these precautions: positively identify the individual; ensure that there are two persons to witness the signature-by-mark in addition to yourself; write in the name of the signer-by-mark near the mark on the document; and complete this form.

If any of the above notarizations are done by Remote Notarization by Audio-Video communication, you must include language in the notarized certificate that indicates it was done in this manner. For example: “Done by Remote Notarization by Audio-Video communication.”

PERFORMING NOTARIZATIONS

May I notarize my own signature and/or the signatures of my spouse, children and other relatives?

A notary public **may not** notarize their own signature and may not notarize any document in which the notary’s name appears as a party to the transaction. A notary may notarize the signature of their spouse, children, and other relatives.

May I notarize documents that originate out of state?

Yes, if you perform the notarial act in Illinois and the notarial certificate indicates “State of Illinois, County of _____” to identify the jurisdiction where the notarial act occurred.

May I notarize documents only in my own county?

An Illinois Notary Public has the authority to act throughout the state as long as the Commission is approved and active.

May I notarize documents when I am physically outside the state of Illinois? No. An Illinois Notary Public has the authority to perform notarial acts only in the state of Illinois.

Should I charge a fee for my services as a notary public?

The law does not require that you charge a fee. However, the maximum fee allowed is \$5.

May I notarize documents that I will be signing as an officer on behalf of a corporation?

No. You may never notarize your own signature, whether you are signing for yourself or for a corporation.

How does a notary identify a signer?

A notary has satisfactory evidence if the person (1) is personally known to the notary; (2) is identified by a credible witness personally known to the notary; or (3) is identified based on unexpired government identification documents. Proper identification must include a photograph and a signature on a valid identification card, such as a driver’s license.

Must the person sign the document in my presence?

Unless you are performing a Remote Notarization by Audio-Video communication, in most cases the person must sign the document in your presence. If a document requires an oath (for example, the certificate reads “signed and sworn/affirmed before me.”) An oath or affirmation must be administered to the person, and the person must sign the document in your presence. If the document requires acknowledgment, it is sufficient for the person to appear before you and acknowledge execution of the document.

Never notarize an unsigned document. You may not take an acknowledgment because someone else assures you that the signature is genuine. You may not take an acknowledgment even when you recognize the signer's signature unless that person appears before you.

How do I perform a Remote Notarization by Audio-Visual Communication?

You must have on file with the Department a \$30,000 bond issued by an insurance or surety company. Additionally, you must follow the procedures set forth in Section 6A-103 of the Notary Public Act and all parties must be located in Illinois at the time of the Remote Notarization. Lastly, the Notarial Certificate must indicate that it was done remotely.

What should I do when a person for whom I have performed a notarial act requests proof that I am a notary?

Occasionally, a "Certificate of Authority" is required to be attached to a document that has been notarized, particularly when that document is being sent out of state. This certificate is proof that the notary was a commissioned notary on the date that the document was notarized. A "Certificate of Authority" may be obtained from the Secretary of State's office. It is not your responsibility, however, to obtain the certificate for the person. That person should contact the Secretary of State for information.

May notaries use rubber stamp signatures?

No. Notaries may not use facsimile signature stamps in signing their official certificates. A signature must be written in ink as commissioned. In addition, a facsimile signature may not be notarized.

NOTARIZATION PROCEDURES/RULES

Should I keep a logbook or journal of any actions as a notary?

Yes, you are required to keep a Notary Public Journal with certain minimum information. See Rules 176.900, 910 and 920.

How long must I keep a journal?

If in a tangible format, a journal must be retained for a minimum of seven years after the final notarial act chronicled in the journal. If an electronic journal, the journal must be retained for at least seven years after the last electronic or remote notarial act chronicled in the journal.

What are the most common errors or omissions made by notaries?

(1) Failing to properly identify a person; (2) failing to administer an oath or affirmation (if required); and (3) failing to affix the notary seal.

Can a notary give legal advice or prepare legal documents?

No. A notary does not have this authority unless they are also an attorney.

Can a notary advise on immigration or fill out immigration forms?

No. According to federal law, no person, unless an attorney, shall fill out legalization forms or applications related to the Immigration Reform and Control

Act of 1986 unless they have been authorized to do so by the Immigration and Naturalization Service or the Board of Immigration Appeals.

Is a notary responsible for the truth or accuracy of a document?

No. The main purpose of notarization is to compel truthfulness by the signer. Notaries have no authority to and are not required to verify the truth or accuracy of any document.

What should be done with the notary stamp if a commission terminates through revocation, resignation, or death?

The notary, or the notary's heirs, should destroy or deface the seal to avoid misusing it.

May a blank document be notarized?

Never notarize a blank or incomplete document. If a signer indicates that certain spaces in a document are to be left blank because they do not apply, suggest that they insert a line through the spaces or write "Not Applicable." This protects the signer from later unauthorized insertions, and it may prevent the notary from appearing as a witness in a lawsuit.

Is notarization required by law?

In many cases, yes. Some documents must be acknowledged before a notary and other documents must be signed under oath to be effective. It is not a notary's duty to prepare the document, only to perform the notarial act and complete the notarial certificate.

NON-RESIDENT COMMISSIONS

I am a notary working in Illinois; however, I just moved across the state line into another state. May I continue to notarize when I am working at my job, which is in the state of Illinois?

No. Because you have moved out of state, you must resign from your in-state notary commission. You must then reapply for a non-resident notary appointment if you are eligible. Please refer to page 4 of this handbook.

When does a non-resident commission expire?

A non-resident commission is valid for one year from the effective date of the appointment.

How do I obtain an application to be commissioned as a non-resident notary?

You must visit ilsos.gov to access a non-resident application and checklist packet.

How do I report a change in my employer's address?

If the change is within the county in which you are commissioned, you must send a change of address to the Index Department in writing. If the new address is in a different county, you must resign your commission and re-apply.

No. The seal and certificate are considered the property of the notary public. Also, if you lose possession of your seal, it is recommended that you resign your commission.

What should I do if my notary seal is stolen?

Report the theft to the police. If for any reason you lose possession of your seal, it is recommended that you resign your commission.

Can information about any notary appointment be given to other people?

Yes. Notary public applications and appointments are public records and available to any interested person for examination or copying.

What could happen to someone who acts as a notary without a commission?

Can notarizations be performed for minors?

Yes, but the minor must be able to provide proof of identification and a parent or legal guardian should be present.

My felony conviction was 20 years ago; can I apply for a notary public appointment?

No. Individuals who have been convicted of a felony are not eligible to be commissioned as an Illinois Notary Public under the provisions set forth in the Notary Public Act.

Do I have to include a copy of my driver's license or state ID card with my resident notary public application?

Yes. An application for a four-year commission requires a valid Illinois driver's license or state ID card.

How does one obtain a Certificate of Authority for a specific lawfully notarized document?

Certificates of Authority are issued by the Illinois Secretary of State, Index Department. You will need to provide the original notarized document for which a Certificate of Authority is being requested to the Springfield office of the Index Department.

There is a \$2 fee per Certificate of Authority which may be paid by check, credit card, or money order. Each individual notarized document will require a separate Certificate of Authority.
